Letter.

To

The Secretary to Government,
Public Works Department, BOMBAY.

No. 1069/ of 1942. Poona, 18/11 November 1942.

Subject:- Water Supply to Hubli and Dharwar.-
Jamihal Scheme -
-oOo- 510

Reference:- G.M. P.W.D. No. G.D.807/33-M dated 12th instant.

-oOo-

I enclose herewith an estimate amounting to Rs.28,536/- gross for carrying out necessary detailed surveys and for preparation of the above scheme and to request you to please accord - - sanction of Government at an early date and place necessary funds at my disposal. The estimate also provides for the necessary staff required for the preparation of this scheme and will be absorbed in the staff of the Project Sub-Division when that is sanctioned. I have included in the estimate a Deputy Engineer for full 8 months as it is desirable that he should be engaged from the very start so that he may be able to direct necessary survey work. The same officer

officer will take over charge of Project Office when sanctioned.

2. A very early sanction to estimate is requested so - that the survey work can be started in the beginning of December and completed in all respects before the monsoon starts. The - - scheme can then be completed within 8 months. The cost of - -- Rs. 28,536/- is only about 1/2 of 1 % of the expected cost of the scheme.

Encl. 1 Estimate.

RSB.

Consulting Public Health Engineer to Government.

PUBLIC WORKS DEPARTMENT
File No. 6250/36
19. NOV. 1942
Serial No. 27073.

M.B.

Submitted with ref. to G.M. dated 12-11-42 and the notes underlying it.

2. The estimate amounting to Rs.28,536 for the survey and preparation of the Jamihal Scheme for water supply to Hubli and Dharwar may be sanctioned after u.o. ref. to the G.D. and F.D.

GR 19-11-42 Thro: A.B., E.B. & A.E.

A.B.

3. Expenditure may be authorized for the present after obtaining the approval of H.E. the Governor.

DM 20/11/42 EB p.1

4. The estabt. proposed by the C.P.H. is scrutinised below:-

(a) One Dy.Engr. on Rs.300 p.m.- The revised scale of the B.S.E. Class II is Rs.170-10-250-E.B.-265-15-400-E.B.-420-20-500. It is for orders whether a post of a Dy.Engr. in the above mentioned scale may be sanctioned and the pay of the incumbent may be fixed under the rules. As the apptt. of the Dy.Engr. is for 8 months it is not necy. to consult the P.S.C. at this stage. If it is decided to appoint him as S.D.O. in charge of the Project Sub-Dn., as proposed by the C.P.H.E., then the P.S.C. will have to be consulted.

p.p. 13-14 - para 1

(b) Two senior Surveyors on Rs.150 p.m. each and two overseers on Rs.75 p.m. each. No scale has been sanctioned for surveyors in this Deptt. Their pays are regulated in the overseers' scale of Rs.54-4-90-EB-4-130-5-150. There is a great difficulty of obtaining technical men. The S.Es. have been authorised to appoint work-charged surveyors for the survey and preparation of the road and irrign. projects on a starting pay upto Rs.100 p.m. and work-charged overseers upto the maximum limit of Rs.100 p.m. in the case of graduates in engineering and Rs.70 p.m. in the case of Diploma Holders. In the case of Sub-dns. created in the Satara and Ratnagiri Dists. for carrying out investigations of V.W.S. Schemes surveyors on a starting pay upto Rs.100 p.m. & overseers on Rs.74 p.m. each have been sanctioned vide G.R.No.3930/36- , dated the 24-9-41. It is, therefore, for orders whether the two surveyors upto Rs.100 each and two overseers on Rs.74 p.m. each may be sanctioned.

& Sch A Art. 3 : Rs.- VIII p 66 para 2

(c) Asstt.Draftsman on Rs.85 p.m.- The revised scale of Asstt.D'men is Rs.50-90. The pay proposed appears to be rather high. It is for orders whether a post of an Asstt.D'man in the above mentioned scale may be sanctioned and pay of the incumbent may be fixed according to the rules.

(d) Three Tracers on Rs.40 p.m. each.- The scale adopted for tracers is Rs.25-2-5-3-70. As some experienced tracers will be required the pay proposed by the Con. C.P.H.Engr. may perhaps be accepted.

(e) Two clerks on Rs.40/- p.m. each.- The higher scale for Sub-dnl. Clerks is Rs.25-5/3-75 and lower scale is Rs.25-5/4-55 (30 to a qualified clerk). For the same reason as in the case of the tracers the pay proposed in this case may be accepted if approved.

(f) Three Khalashis on Rs.22 p.m. each.- According to the orders issued in G.R. F.D. No.1787/33, dated the 14-8-36, the rates of pays admissible in this case are Rs.14 and 13. As the period is 8 months only, three Khalasis on Rs.14 p.m. each may be sanctioned.

The other items of estabt. do not call for any remarks.

5. The proposals in para.4 above are subject to the condition that if, as proposed by the C.P.H.E., these persons are absorbed in the proposed Project Sub-division, their pays will be regulated strictly according to the rules. While issuing the orders, the C.P.H.E. may be informed accordingly.

23-11

6. The staff mentioned in para. 4, above will be eligible for dearness allowance as admissible under the rules.

GJP.
23/xi
2

6. In the Jamikal Scheme Govt is concerned with the construction of the tank dam, laying the rising main and providing pumping & purification works. The survey est of Rs 28,536/- for such a project appears at first sight rather excessive specially when the cost of the dam and tank which require the greatest part of survey is only about Rs 10,27,000/- The survey regd for pipe line and location of pumps and purification works involve comparatively very much less labour though the cost of these two items is likely to amount to about Rs 36.06 lakhs. The work is not sufficient to engage the whole time attention of a Dy Engr. but it is not clear whether the necessary assistance in survey for this single work

cannot be given by the existing
estt. Dr Asstt. Draftsman for
this one work is also not
necessary. A(F) has however,
separately agreed to the immediate
formation of a Project Sub Dn under
the C.P.W.E. and the estt proposed
in the present estimate can
form part of that Sub Dn. It is
therefore, for consideration whether
the estimate should be appd as
it is allowing the estt to be
absorbed in the Sub Dn to be
formed immediately and C.P.W.E.
asked to submit a workslip for
this work as soon as the Sub Dn
is sanctioned.

27/11/m

Discussed with the Secy.
2/ Since a Project Sub Dn has been
approved the C.P.W.E may be
asked to accept this Estimate
today it for granted that the
Sub Dn is sanctioned.

V.R./5-12-42.

Consulting Public Health Engineer to Government.

Letter.

To

— The Secretary to Government,
Public Works Department, Bombay.

No. S.W.3-27-11283 of 1942. Poona, December, 5th 1942.

Subject:- Hubli and Dharwar Water Supply:
Jamihal Scheme.

Reference: P.W.D. letter No. 6250/36/M dated the 19 1st instant.

2. I enclose herewith revised estimate amounting to Rs.20,290/- for survey and collection of data for Jamihal scheme. Provision of staff required for the preparation of the scheme has been omitted from the estimate. The survey estimate has been prepared on the assumption that the work will be started in early January and that the new Sanitary Project Sub-Division will also be opened simultaneously and that the new S.D.O. will be able to direct necessary survey work.

3. I also enclose a statement showing the staff - - -

required

required for the Sanitary Project Sub-Division and on the basis of the Sub-Division starting work in January, the cost of staff during the current year would be Rs. 4,886/- and the amount -- required for tools and plant, office furniture and contingency would be Rs. 8,500/-. Major part of the latter amount would be a non recurring grant. I have now to request you to accord sanction of Govt to the survey estimate and place necessary funds at my disposal. Early orders for opening the project office should also please be issued so that necessary staff can be fixed up before X'mas and the Sub-Division can start work from the new year.

Yours faithfully,

D.A.1 estimate.
1 statement with two lists.
RMS

Consulting Public Health Engineer to Government.

6250/36
-7. DEC. 1942
Serial No. 28352

(M.B,) Submitted with reference to G.L.No.6250/36-E, dated 1-12-42.

2. If the estimate amounting to Rs.20,290/- as now submitted by the C.P.H.E. for the survey and collection of necessary data for the Jamihal Schem for the supply of water to Hubli and Dharwar, is in order, it may be sanctioned after u.o.r. to the Gen.Deptt.& Fin. Deptt.

9-12-42

Thro' A.B.,E.B. & A.E.

(A.B.)

3. Expenditure may be authorized after obtaining H.E's approval.

9/12/42

(E.B.)

4. In the survey estimate, the following estabt. is proposed.for a period of six months.

| | Rs.p.m. |
|---|---|
| (a) Two senior surveyors | 150 each. |
| (b) Two overseers | 75 each. |
| (c) One Khalasi | 22 |

5. Points (a) & (b): Pl. see para. 4(b) of the O.N. dated the 23-11-42. It is for orders whether 2 surveyors upto Rs.100 p.m.each and two overseers on Rs.74 p.m.each may be sanctioned.for a period of six months.

I think so. There is no need to call some "Senia Surveyor" All may be Surveyors @ Rs 150/- is a high pay. So Jagtap. 15/12

15/12 I think so. 15/12

6. Point (c):- Attention is invited to para.4(f) of the O.N.within. It is for consideration whether a Khalasi on Rs.14 p.m. may be sanctioned.for a period of six months.

The staff mentioned in paras.5 & 6 above will be eligible for dearness allowance under the rules.

7. The C.P.H.E.to Govt. requests that the following tempy.estabt. may be sanctioned for the Project sub-divnx. It is proposed to designate the sub-division as the Sanitary Project Sub-division.

| | Scale of pay Rs. | Actual pay to start with Rs. |
|---|---|---|
| (1) S.D.O.(Dy.Engr.). | 170-10-250 E.B.-15-400-E.B.20-500 | 350 |
| (2) Junior Dy.Engr. | -do- | 250 |
| (3) Two senior surveyors | 100-10-250 | 150 each |
| (4) Three overseers | 54-4-130-5-150 | 70 each |
| (5) One Draftsman | 90-5/2-140 | 110 |
| (6) Two Asstt.Drafts-men. | 50-5/2-90 | 80 & 70 |
| (7) Four Tracers | 25-2-55-3-70 | 40 each |
| (8) Head Clerk | 75-5-95 | 80 |

One Dy Engr should be enough, I think on Rs 300/- O.M.

Yes 15/12

| | Scale of pay Rs. | Actual pay to start with Rs. |
|---|---|---|
| 9) Three typists. | 30-5/2-65 | 45 each. |
| (10) Four clerks | 30-5/2-65 | 45 each. |
| (11) Six Peons. | 15-1-20 | 17 each. |
| (12) One Chowkidar | 16 | 16 |
| (13) Travelling allowance. | - | 400 |
| (14) Contingencies | - | 200 |

In 1941, the Dy.Secy. remarked that the estabt. suggested by the C.P.H.E. savoured more of a Dn. than a sub-division and that care should be exercised in fixing the staff for the Project sub-division.

I agree with this remark. 37
8/15/12

8. Points (1) & (2): The scale proposed for Dy.Engrs. is the one which has been sanctioned for the B.S.E. Class II. The C.P.H.E. has not given reasons for the apptt. of a second Dy.Engr. It is accordingly for consideration whether a post of a Dy.Engr. ~~in the General Provincial Service~~ may be sanctioned and the pay of the incumbent may be fixed under the rules.

Second Dy Engr is not necessary, I think. 8/15/12 I agree 15/12 15/12

9. Point (3):- Surveyors are generally paid in the scale of overseers and they are employed on ~~the~~ work-charged estabt. Survey estimates will obviously contain surveyors. The necessity of surveyors is not understood. It is accordingly for consideration -

(a) whether the provision for two surveyors ~~in the~~ may be deleted;

or

(b) two surveyors upto Rs.100 p.m. each may be sanctioned in the scale of the B.S.E.S. - vide para.4(b) of the O.N. within.

They may be called "Overseers Temply" Sanctioned as in (b). 8/15/12
Yes 15/12 15/12 15/12

10. Point (4): As there is a great demand for overseers and as experienced men will be required it is for consideration whether 3 overseers on a pay of Rs.70 p.m. each, as proposed by the C.P.H.E., may be sanctioned in the scale of the B.S.E.S. or their pays may be fixed under the rules in the scale of the B.S.E.S.

Yes. 8/15/12 15/12 15/12

11. Point (5):- The scale proposed for the draftsman is the one which has been sanctioned for the corresponding permt. estabt. Generally a draftsman is not employed in a sub-divisional office. It is accordingly for consideration whether a draftsman may be sanctioned and his pay may be fixed under the rules.

A Draftsman may be allowed as per Scales in the Rules. 8/15/12

Yes a draftsman is necessary 15/12

12. Point (6):- It is for consideration whether two Asstt. Draftsmen may be sanctioned in the scale of Rs.50-5/2-90 - which is sanctioned for the corresponding permt. estabt.- and the incumbents thereof may be given the pay admissible under the rules.

Two A.D'men may be allowed on usual Scales 8/15/12

I think we need Draftsmen also 16/12 Sanctioned one of the Jr. Draftsmen may be appointed with prospects 15/12

13. Point (7):- The scale propos for tracers does not call for any re The number of tracers proposed seems be rather high. It is accordingly fo orders how many tracers may be sanctio The C.P.H.E. will be asked to fix thei pays under the rules.

Yes. To start with Two may be enough. 8/15/12 15/12

14. Points (8), (9) & (10):- The scale proposed are those which are sanctioned for clerks in the Divisional office. No separate scale is sanctioned for a Head clerk in a sub-divisional office. The scale of proposed for a Head Clerk is th one which is given to a clerk above the grade of Rs.30-5/2-65 in a divisional office. The scales of clerks in the sub-divisional office are as under.

| | Rs. |
|---|---|
| 1st & 2nd clerk | 25-5/3-75 (Rs.30 to a qualified clerk) |
| 3rd clerk | 25-5/4-55 (Rs.30 to a qualified clerk). |

Gener .y there are 3 clerks in sub-divisions and in heavy sub-divisions there are four. It is accordingly for consideration how many clerks (including the Head Clerk) & typists may be sanction ed and if so, in what scale. The pays of the clerks may be fixed under the rules.

3 clerks as in a Sub-di may be granted. One of them is called Hd clerk 8/15/12

Agreed. 15/12

Yes but typist will also be required 3 clerks + 1 typist & Mail runner 10/1-

15. Point (11): The strength of peons will have to be determined in accordance with the sanctioned scale of the peons. The number of peons will depend upon the staff that will be sanctioned for the sub-division. The pays of inferior servants will depend upon the headquarters of the sub-division It is presumed that the headquarters of the Sanitary Project Sub-Division will be at Poona. The number of peons will be determined in accordance with the estabt. that may be sanctioned and they may be given the pays sanctioned in G.R.(F.D.) No.1787/33 dated the 14-8-36.

Yes 15/12 8/15/12

(X)

A chowkidar may be required if the office is an independent one not otherwise 15/1-

Since

16. Point (12):- A chowkidar may be sanctioned and he may be given the pay of Rs.17 p.m., if the headquarters are at Poona, as it is the sanctioned rate.

Yes 15/12 8/15/12

17. Point (13): The rate of ordinary P.T.A. of a S.D.O. is Rs.75 p.m. It is for consideration whether the S.D.O. of the Sanitary Project Sub-division may be granted P.T.A. or ordinary t.a.; if the latter, it is for consideration, whether ordinary t.a. may be limited, if so, to what amount.

Ordinary T.A. may be granted, limited at present to Rs 100 p.m.

Yes 15/1- 15/12 8/15/12

The t.a. of overseers in charge of sections is limited to Rs.42-8-0 p.m. It is for consideration whether the t.a. of the overseers may be limited to Rs.42-8-0.

Yes. 15/12 8/15/12 15/12

18. A provision of Rs.200 is made r contingencies. It may be accepted, approved.

Yes, I think. 8/15/12 15/1

19. The tempy. staff of the sub-division will be eligible for dearness allowance under the rules. The sub-dn. along with the estabt. may be sanctioned upto the 29-2-44.

} I agree 8/15/12 15/1

20. The duties of the S.D.O. will be to give guidance in survey and designs of projects and to manage and control the accounts. The accounts of the Sub-Dn. will be simple and not extensive and cannot therefore take much of the time of the S.D.O. The number of projects also are not likely to be large to begin with and so the necessity of a Junior Dy.Engr. at this stage is not quite apparent.

} I agree 8/15/12 15/1

KVB.11.12

21. The C.P.H.E. has asked for the simultaneous sanction of the survey estimate and the project Sub-Dn. As no office work can be done until field data is collected it is difficult to see what the office estabt.(excluding S.D.O.) has to do with Jamihal scheme unless it is required in connection with other projects for which data has been already collected. If the estabt. mentioned as required for the Sub-Dn. is to be used for the Jamihal scheme and the provision in the survey estimate (first 2 items) is only for adjustment of cost, surveyors and overseers cannot be simultaneously employed separately in the Sub-Dn. and on the survey work. This point will need to be made clear.

All should be styled overseers & all will do survey & project as [illegible] required. 8/15/12 15/1

22. Initial sketches and drawings will be prepared by the designers and 2 Asstt.Draftsmen will, it is considered, be sufficient to do further work. A Draftsman does not appear to be necessary for the Sub-Dn.

A Draftsman may be allowed, I think. 8/15/12

23. As regards clerical estabt. it appears that 3 clerks as in an ordinary Sub-Dn. (including Head Clerk) and one typist would be sufficient at this stage.

} yes 8/15/12 15/1

24. As regards first 2 items of the survey estimate pl. see para. 21 above. Cost of furniture will have to be adjusted if it is decided to curtail the estabt. recommended by the C.P.H.E.

I agree 8/15/12 15/1

I do not think that the whole of the Estt as provided for by the C.P.H.E will be required at once & as the projects on hand increase the full Estt may be required.

KVB.14.12.

Marquis.

I agree with Dy. Secy (OR).

15/12

I have made remarks in margin. There is no question but that Municipalities on this scale at present prices, this entertainment will soon be unpopular. In fact one projects' reads the wage & construction this substitution, will I feel, have to become a diversion. The entertainment as now planned by Scott Inquiry should be curtailed & start with

These papers deal with

(1) Estimates for survey and collection of data for the Jamihal Scheme mentioned in case I and

(2) the proposed Sanitary Project Sub-Division which it is proposed will take up the survey on its being started.

2. The survey estimate as framed by the C.P.H.E. amounts to Rs.20,290. Taking into consideration the reduction made in para.5 of the P.W.D.note it will amount to Rs.19,630 (The cost of the Jamihal Project is estimated at Rs.46,33,000) The Survey estimate may be accepted. The estimate does not include dearness allowance which will have to be allowed.

3. As regards item (2)- please see:--

(1) paras. 1, 2 and 5 of A(R)'s note dated 19th Octb.1942 agreed to by H.E.

(2) P.W.D. notes dated 23-11-42 and

(3) A(F)'s note dated 3-11-42 on linked case I.

The opening of the proposed Sanitary Project Sub-Division was to be considered by the Board of P.H.Works at its next meeting but in view of A(R)'s note mentioned above it is proposed to sanction the scheme immediately i.e. from January 1943. Please see portion X on p.36 and P.W.D.Secy's note dated 15-12-42 on p.37. The total cost after taking into consideration modifications made by the P.W.D. in the C.P.H.E's estimates comes in the current year to about Rs.3,200* recurring and Rs.8500 non-recurring. Cost for 12 months will be Rs.19,200. It appears that an earlier estimate was for Rs.50,000 recurring for 12 months. The sanction of the Governor General will not now be necessary. The proposal may be accepted, subject to the following remarks. It is proposed to sanction the site-scheme upto 29.2.44.

*including analysis charges Rs.200 but dearness allowance which will have to be provided.

2. With the addition of dearness allowance, the survey estimate for the Jamihal Scheme for the supply of water to Dharwar and Hubli amounts to Rs.19,704. The estabt. proposed for the Sanitary Project Sub-division has been agreed to by the F.D. The typist may be sanctioned in the scale of Rs.25-5/4-55.*

*Rs.30 to a qualified clerk.

3. The strength of inferior servants is to be determined in accordance with G.R.(F.D.) No.10, dated the 27-2-33. For offices containing eighteen men or less on the clerical estabt., one peon for every six men or fraction of six men is admissible. In the office of the Sany. Project Sub-dn. there will be 13 men including Overseers, draftsman, Asstt. draftsman and tracers. They may be included among the clerks for determining the strength. For thirteen men, 3 peons will be admissible. One peon is admissible for the Dy.Engr. but this peon is not to be taken into account for having a Naik or a Havildar. An office which contains more than two but less than six peons is to be given a Naik. As for a fraction of six i.e. for one man only, a peon has been given; a Naik may not perhaps be sanctioned in addition. If this is approved, four peons in all may be sanctioned. In view of the rates of pay sanctioned for inferior servants in G.R.(F.D.) No.1787/33, dated the 14-8-36, one peon on Rs.18/- p.m. and three peons on Rs.17/- p.m. may be sanctioned.

4. It has been ordered that the officers who have to tour extensively should have two extra peons, if the jurisdiction extends to a larger area than a single taluka, otherwise one extra peon - vide para.2 of G.R.(F.D.) No.10, dated the 27-2-33. It appears that the above mentioned para. is applicable in the case of high officers and no peons may be sanctioned under that para. The question of increasing the strength of inferior servants may be considered, if a request is made.

5. The draft put up may issue, if approved, after submission to A(R) and H. E. the Govr. H.E's sanction is necy.as this is a new item costing more than Rs.10,000/-.

Subject:- Formation of a Sanitary Project Sub-Dn.

---

Refce. your letter No.S.W. 3-27-11283, dated the 5-12-42.

2. Govt.is pleased to sanction the creation of the Sany.Project Sub-divn. on a tempy.basis, with head quarters at Poona, till the 29-2-44 with the following tempy.estabt.-

| Name of estabt. | Scale of pay. |
|---|---|
| (a) One Dy.Engr. | - Pay in the scale of the B.S.E.,Class II. |
| (b) Two Overseers | - Upto Rs.100 p.m.each in the revised scale of the B.S.E.S. |
| (c) Three Overseers- | In the revised scale of the B.S.E.S. |
| (d) One Draftsman | - Rs.90-5/2-140. |
| (e) One Asstt. Draftsman | - Rs.50-5/2-90. |
| (f) Two tracers | - Rs.25-2-55-3-70. |
| (g) Two clerks | - Rs.25-5/3-75 (Rs.30 to a qualified clerk). |
| (h) One clerk. | - Rs.25-5/4-55.(Rs.30 to a qualified clerk). |
| (i) One Typist. | - Rs.25-5/4-55.(Rs.30 to a qualified clerk). |
| (j) One peon | - Rs.18 p.m. |
| (k) Three peons. | - Rs.17 p.m. each |
| (l) One Chowkidar. | -Rs.17 p.m. (provided the office of the Sany. Project Sub-Dn.is located in an independent building). |

The pays of the persons with the exceptio of the two Overseers mentioned at (b) above should be fixed under the rules.

The persons concerned should be granted dearness allowance as may be admissible. A sum of Rs.200 is sanctioned for contingencies.

3. The t.a. of the Dy.Engr. in charge of the Sany.Project Sub-divn.should be limited to Rs.100 p.m. The t.a. of Overseers should be limited to Rs.42-8-0 p.m. each.

4. The estimate for survey and collection of data for Jamihal Scheme for the supply of water to Hubli and Dharwar is herewith returned duly sanctioned for as corrected in the Sectt, Rs.19,704/ subject to the following modifications.

| | Pay p.m. | Period. |
|---|---|---|
| a) Two Overseers (in lieu of two Senior Surveyors). | - Upto Rs.100 each | 6 months. |
| b) Two Overseers | - Rs.74 each | -do- |
| c) One Khalasi | - Rs.14 | -do- |

The persons concerned should be granted dearness allowance as may be admissible under the rules.

5. The estimates for Tools and Plant and office furniture as detailed below are approved.

| | Rs. |
|---|---|
| (a) Tools and plant (including Rs.4,000 for Scientific Instruments). | 4,800 |
| (b) Office furniture. | 3,000 |

6. Expenditure on the Sub-dnl.estabt., survey work, tools and plant and office furniture, etc., is authorised in anticipation of allotment of funds. The amount required for each during the current year should be reported to Govt., when orders re: the source will be issued.

Note
Orders re source have since issued in G.L.No P.258/5528E dt the 13-3-43.

Poona, 13/14 January 1943.

From

R.A. Collett, Esquire, M.B.E.,F.R.San.I.
Consulting Public Health Engineer to Govt.,
Poona.

To

The Secretary to Government,
Public Works Department, Bombay.

Subject:-- Formation of a Sanitary Project Sub-Division.

Reference - Government letter, P.W.D. No.6250/36-E, dated the 5th instant.

I am very glad to see that Government has been pleased to sanction the creation of the Sanitary Project Sub-Division. It is now necessary to engage the Deputy Engineer at once, so that he can in turn get the work started at the earliest possible date. I do not know if Government have any qualified engineer in view, but in order to make an immediate start, I suggest that Mr.M.M.Vyas, B.E., Deputy Engineer, from my office be appointed to hold charge of the Project Sub-Division in the Poona Water Works office. I intend to proceed immediately with the following projects:--

(1) Islampur Water Supply.

(2) Jamihal Water Supply for Dharwar & Hubli.

(3) Matheran Water Supply.

(4) Mahableshwar Water Supply and Drainage.

(5) Alandi Water Supply - Filtration plant.

It will then be necessary to fill in the vacancy caused by Mr. Vyas being transferred from my office, and I suggest that a Mr. S.G. Sathaye, B.E. who was retrenched from the late Public Health Circle after 18 years of service be appointed in my office. He is a man well qualified in water supply and sanitary engineering and was in receipt of a salary of Rs. 281/- p.m. in the year 1934, from when his services were retrenched. I suggest that Government may be pleased to recommend this man to the Public Service Commission for employment in the pay scale applicable to B.S.E., Class II (Rs.170-10-250 E.B.-265-15-400 E.B.-420-20-500), if Government cannot appoint him direct, and that he be started at Rs. 340/- p.m.

from the 1st of February next. Mr. Sathaye has been asked to put up an application direct to Government.

Early orders of Government are solicited.

Consulting Public Health Engineer to Government.

Letter.

To

The Secretary to Government,
Public Works Department, Bombay.

No. A.1.33. 806 of 1943. Poona, 25th January 1943.

Subject:- Appointment of overseers and surveyors in the Sanitary Project Sub-Division.

With reference to Government letter No. H 41-42 6250/36-E dated the 5th January 1943, I have to report that in these days it is very difficult to secure services of competent surveyors and overseers on the pay scales sanctioned therein. The duties required to be performed by these men in the Project Sub-Divn. are of a specialist nature and very streneous. To overcome this difficulty and with a view to employ competent staff for the work I had recommended the starting of surveyors on Rs. 150/- vide this office No. 10691 H 13 of 18.11.1942, and S.W. 3-27/11283 H 31 of 5.12.1942. I therefore request that a better scale of pay may at least be sanctioned for the two senior

overseers

overseers (styled surveyors) starting from Rs. 150 viz. 150-10-250.

2. I have in view one Mr. M. R. Pochara, B.E., for appointment against one of the two posts of senior overseers. He was formerly employed in this Department for about 16 months on the workcharged establishment on the New Kirkee Water Works. On completion of these works, he was appointed by the Ahmednagar Municipality on the - - - filtration scheme. Subsequently, he was employed by the Bombay Municipality as Temporary Inspector, Bombay Water Works, Survey Branch, in the scale of Rs. 150-10-250 + Rs. 20 C.A. In this post he was working for about six months from April to November 1942. He is at present in the employ of Messrs. Gannon Dunkerly and Co., on Rs. 150/- p.m. From my personal experience of him, he is a very competent hand and I recommend that his appointment as Overseer on Rs. 150/- p.m. in the scale proposed above may kindly be sanctioned.

Consulting Public Health Engineer to Government.

PUBLIC WORKS DEPARTMENT
File No. 6250/36
26. JAN. 1943
Serial No. 1978

Urgent letter.

To

The Secretary to Government,
Public Works Department, Bombay.

No.A-1-33/ 746 of 1943. Poona, January, 27 4 1943.

Subject:- Appointment of Overseers and Surveyors in the Sanitary Project Sub-Division.

In continuation of my letter No.A-1-33/806 dated the 25th instant, I have the honour to report that in response to an advertisement given by me in the Times of India for temporary overseers, I have received only six applications against six vacancies in my branch (5 in the New Project Sub-Division and 1 in the Head office itself in place of the post vacated by Mr. S. E. Wadia who is now the Sub-Divisional Officer, Aundh Water Supply Sub-Division). The scope of selection has therefore been very limited. Those, about whose experience I was not aware of, were called for personal interview and all the six are quite fit for the jobs they are proposed to be entrusted with.

2. Barring one, all the other candidates are already in the employ of some department or the other drawing salaries much more than what is offered as starting pay by Government. Naturally, they were not prepared to accept the starting pay admissible in the scale of pay proposed for Overseers, nor can we reasonably expect them to come on a lower pay. Government are also aware that with the War going on, the Defence Department and the private contractors round about absorb these technical subordinates on a much higher salary than what we propose to offer. In view of these considerations and as the new Project Sub-Division has to function from the 1st of February and in view of the non-availability of other suitable candidates, I have appointed the following Overseers on the pay scale admissible for Overseers on the starting pays shown against each, subject to the pays fixed being confirmed by Government. This step I had to take lest their services may be utilised elsewhere. I have given below in brief the qualifications, the past experience, the pay drawn at present by each of the candidates.

(1) Mr. M. R. Pochara - B. E. (Civil) with 2 years experience to his credit about whom Government have already been addressed in my No. A-1-33/806 of 25th January 1943. No office order appointing him has been issued.

(2) Mr. B. L. Pomat - Passed B.E.(Civil) in 1918 worked in Special Irrigation Division for 4 years. - 10 years in Rajkot state on water supply and drainage schemes. 2½ years in Poona Division and now serving for the past 2½ years in Surat Division on Rs. 150/-. Recently prepared Dohad and Surat Water Supply (Distribution )Schemes costing approximately Rs. 15 lakhs. Starting pay fixed at Rs. 150/- P.M. (order for appointment will be issued on receipt of Government sanction).

(3) Mr. S. S. Apte - Passed B.E.Civil in 1942 and stood second in the I class. Was the recipient of the Rajadyaksha Gold Medal and Theodone Cook Memorial Prize. Young and energetic.

It is likely that a man with such outstanding qualifications will soon be absorbed in any other department on a much higher pay. With a view to secure his services, I have fixed his starting pay to be Rs. 100/- p.m.

(4) Mr. S. K. Joshi - D.C.E.(College of Engineering, Poona) worked for nearly 10 years in the Indore State on the water supply and drainage schemes and now engaged on the preparation of the Kolhapur water supply improvement scheme. Present pay Rs. 90/-. Pay offered Rs. 100/- p.m.

I trust my action will kindly be approved by Government in the exceptional circumstances stated above.

3. I have already issued a circular to all the Executive Engineers in the Province to whom the work of preparation of Public Health Schemes has been entrusted to send me a list of projects in hand and the trained technical establishment employed thereon. So far there has not been encouraging response to my circular. However, I hope to get their replies by the end of this month. In view of this I am keeping open 2 vacancies on the temporary establishment for selection from amongst such staff. If there are any more candidates available from them, they can be easily absorbed on the work-charged establishment against the survey estimates sanctioned for Jamihal water supply and Islampur water supply schemes. But to these also, we will have to offer the starting pay not lower than what they are getting at present with the other Executive Engineers. Govt.approval may please be accorded to this proposal also.

Submitted. with ref.to G.L.No. 6250/36-E, dated the 5-1-43.

2. The following tempy.posts of overseers have been sanctioned for the Sany. Project Sub-dn.

| | |
|---|---|
| (a) Two Overseers. | Pay upto Rs 100 p.m.each in the revised scale of the B.S.E.S. |
| (b) Three " | In the revised scale of the B.S.E.S. |

The C.P.H.E. advertised the posts of tempy overseers. He received only six applications. He has appointed the following overseers subject to the approval of Govt

| | |
|---|---|
| (1) Mr.M.R.Pochara, B.E.(Civil). | Pay Rs 150 in the scale of Rs 150-10-250 (order of apptt.not issued). Two years experience |
| (2) Mr.B.L.Pomat, B.E.(Civil). | Rs 150 (Passed B.E. in 1918 He is at present employed in the Surat and Broach Dn. on Rs 150 p.m. He has been appointed as the Jamihal Water Supply scheme is very urgently reqd. before the end of March 43 |
| (3) Mr.S.S.Apte, B.E.(Civil). | Rs 100 (Passed in 1942 and stood second in first class). He has not joined. |
| (4) Mr.S.K.Joshi, D.C.E. | Rs 100 (His present salary is Rs 90) |

The qualifications and experience of the above mentioned persons are given at p. ante. For the reasons given in para.2 of the letter, the C.P.H.E. requests that in the exceptional circumstances of the case his action may be approved.

3. The S.Es. of Circles have been authorised to make apptts. of tempy. overseers upto the maximum limit of Rs 100 p.m in the case of graduates in Engrg. and Rs 7 p.m. in the case of Diploma Holders subject to the condition that no increment should be granted to them nor they should be confirmed without the orders of Govt.- vide G.M.No.4126/36-E, dated the 29-10-41. It is for consideration whether as a spl. case the apptts of Messrs. Pomat and Joshi may be approved on the pays offered by the C.P.H.E. subject to the condition at 'A' above. in consultation with the F.D.

4. In the circumstances explained, the C.P.H.E. requests that a scale of Rs 150-10-250 may be sanctioned for two senior overseers (to be styled surveyors) and Mr.M.R.Pochara may be sanctioned in the above mentioned scale. The Dy.Secy. (I.&.Rys.) has separately stated that

6250/36.

the addnl.staff to be given to the C.P.H.E.should have a large mixture of pt.staff. It is accordingly for consideration whether the S.E.,C.C.and the S.E.,D.I.C. may each be requested to make one competent pt.overseer of about 15 years' standing available for the Sany.Project Sub-dn. It is presumed the C.P.H.E must have appointed overseers required for the Jamihal Water Supply Scheme by now. } A.

5. With ref.to para.3 of the letter on page 6/ante it may be stated that the question as to whether the work of preparation of the Public Health Schemes should be transferred from the Ex.Engrs.to the C.P.H.E.is separately under consideration. The necy.further action will therefore be taken after a decision thereon is reached. } yes

Rlej
17/2/43

In general I would state that except for works of Military importance which have to be completed by a certain date no specially high salaries should be sanctioned. The Scale of Rs 150-10-250 for overseers as proposed by the C.O.H.E at top of page 30 need not, I think, be sanctioned. ‖ Papers 17/2

2/ the appt of Mess Pawar & S.R Joshi as per note on the reverse of this page may be approved.

In regard to Mr Paelara, the year of his passing the D.E. exam is not reported ; hence it is difficult to judge if the proposed salary of Rs 150/- is suitable & justified. C.O.H.E may be asked for details..

3/ I consider that two overseers of about 10 years standing from the Perm. Staff may be made available to the C.O.H.E as proposed at 1 above. I understand that 8 overseers sent to M.E.S. are to revert to this Govt

To

The Secretary to Government,
Public Works Department, Bombay.

No. A.1.33. 206/ of 1943. Poona, 25th February, 1943.

Subject:- Fixation of pay of temporary and workcharged establishment in the Sanitary Project Sub-Dn

51-52 In continuation of this office Nos. A.1.33.946 of 29.1.1943 and A.1.33.1303 of 8.2.1943 and A.1.33.1406 of 10.2.43 I have to report that the following temporary and workcharged establishment has been engaged by me on the pays noted against each. Higher pays have had to be offered in each case owing to the non availability of the technical staff and these pays have been fixed taking into account the qualifications and experience in each case.

Temporary establishment of Sanitary Project office:-

(1) Mr. B. L. Pomat, Overseer pay Rs. 150/-
This appointment is made against one of the posts of two senior Overseers and reasons for offering him pay @ Rs. 150/- have already been reported to Government under No. A.1.33/946 of 29.1.1943. 1:52

(2) Mr. B. G. Walimbe, B.E., Overseer Pay Rs. 102 p.m.
This appointment is made against one of the posts of 3 Overseers sanctioned in the revised scale of pay Mr. Walimbe is a B.E. He has served for about 6 months in the Central P.W.D. and B. B. & C. I. Railway.

As per

As per G.M.,P.W.D.No.4126/36-E dated 29.10.1941, graduates can be appointed on Rs. 100/- and the pay of Rs. 102/- offered in this case is not much in excess and is regulated in the revised scale of pay.

(3) Mr. S. K. Joshi, D.C.E., pay Rs. 100/- p.m.
The reason for offering him pay @ Rs. 100/- p.m. have been reported under this office No. noted above.

Work-charged establishment of Sanitary Project Office.

(4) Mr. V. P. Deshpande, Overseer pay Rs. 66/- P.M.
His pay has been fixed 66 p.m. looking to his experience in other Departments. Some two years ago he was appointed as a surveyor on Rs. 60/- p.m. by the Executive Engineer, Surat and Broach Division,Surat.

(5) Mr. V. V. Date,Surveyor Pay Rs. 70/- p.m.
Has completed and passed the surveying and levelling course in the Agriculture Department and has practical experience. Similar pay was offered in the M.E.S.

(6) Mr. M. G. Savadatti, Surveyor pay Rs. 66/-
Has passed the Overseer's examination of the Architectural Engineering College, Lucknow (U.P.), and was working with the Hubli Municipal Borough for a short time and was some time engaged on Military works by the Hindustan Construction, Company.

The posts under reference were advertised in the news-papers. The Superintending Engineers and Executive Engineers of other circles were requested to please intimate if they could suggest the names of persons who could be spared for transfer to this Department along with the public health schemes under preparation with them. No favourable replies have been so far received from these officers. Under these circumstances the appointments of persons noted above on the pays

noted

noted against each may please be approved. All these persons except No.(3) have joined their duties in February 1943, and are being paid at the rates of pays noted against each in anticipation of Government sanction which may please be expedited.

LETTER

To

The Secretary to Government,
Public Works Department, Bombay.

No.A.1.33/2416 of 1943. Poona, 6th March 1943.

Subject:- Establishment for the
Sanitary Project Sub-Division.

Reference Government letter P.W.D. No. 6250/36-E dated the 26th February 1943.

2. I am glad to note that Government have decided to transfer two more permanent Overseers to my branch against the two temporary posts of Overseers sanctioned for the Sanitary Project Sub-Division.

3. Let me review the present position with regard to the subordinate establishment required for the new sub-division.

4. In all there are 5 posts of Overseers sanctioned for the Sub-Division(please see Government letter P.W.D.No. 6250/36E of 5.1.1943). Against these I have already put up proposals to Government for appointment of 4 under my No. A.1.33/946 of 29.1.1943, and the following are the 4 Overseers.

(1) MR. M. R. POCHARA - Information asked for by Govt. in their letter No. 6250/36-E of 26.2.1943 will be submitted in a few days.

(2) MR. B. L. POMAT - This man has already been appointed

on Rs. 150/- p.m. in consideration of his previous experience with the regular P.W.D. and the salary he was drawing under the Executive Engineer, Surat and Broach Division. Mr. Pomat has joined his duties in the Sub-Division on the 17th February 1943 before noon. In this connection please see my No.A.1.33.1303 of the 8th February 1943 copy endorsed to you. 157

(3) MR. S. S. APTE - He was appointed on Rs. 100/- p.m. but he has not reported for duty. The order of appointment already issued has been cancelled, please see this office No. 2087 dated the 25th February 1943. 169

Against this man, one Mr.B.G.Walimbe has been appointed on Rs. 102/- p.m. and he has joined duty from the 18th February 1943. His pay was fixed at Rs. 102/- in consideration of his qualifications, experience and the pay he was drawing in the B.B. & C.I.Railway (Please see this office No. 2087 dated 25th Feb. 1943 copy endorsed to you. 169

(4) MR. S. K. JOSHI - An order for appointment on Rs. 100/- p.m. has been sent out and he has informed me that he would be joining his new duties from the 20th of this month.

I request Government to approve my action already taken.

5. In addition to the above (4), Government have allotted 2 permanent Overseers and the distribution of these would be 5 Overseers to the Project Sub-Division and one Overseer to my office in place of Mr.S.E. Wadia now appointed a Deputy Engineer in-charge Hospital Town Sub-Dn.

E.B.

Submitted with ref.to Govt.letters No.6250/36-E, dated the 26-2-43 and the notes underlying it. ✓

2. The S.E.,C.C. and the S.E.,D.I.C. were requested to suggest a name of a competent overseer of about 10 years' standing for transfer to the Sany Project Sub-dn.- vide G.L.No.6250/36-E, dated the 26-2-43. The S.E.,C.C. has suggested that Mr.V.S.Paranjpe, who is of 24 years' ... standing and has worked for 14 years in the P.H.Br. may be transferred to the Sany Project Sub-dn. The S.E.,D.I.C. has nominated Mr.D.B.Bangre for transfer. He has experience of drainage, construction and allied works. His total service in the P.W.D. is over 19 years. It is accordingly for orders whether Messrs.Paranjpe and Bangre may be transferred to the P.H.Br.

3. The C.P.H.E. has suggested that Mr. M.R.Pochara may be appointed as an overseer on Rs 150 p.m. In order to judge whether the pay proposed for him is suitable, the C.P.H.E. was requested to report the year in which Mr.Pochara passed the B.E. examn. and the details of his past service, stating the salary and period in each case. Mr. Pochara passed the B.E.(Civil) examn. in 1939. The details of his service and the pays

8-4-43

pays drawn are given on pp. 75- ante. He is at present employed under Messrs. Gannon Dunkerley & Co. on construction works of aerodromes at Lohagaon & Kalyan on Rs 175 p.m. The pay of Rs 150 proposed by the C.P.H.E. is the maximum of the revised scale of the B.S.E.S. Mr.Pochara has experience of about 3 years and seven months. It is accordingly for considera_tion what pay may be suggested for Mr. Pochara. Order of apptt.(subject to the approval of Govt.) has not been issued by the C.P.H.E. in his case.

4. The C.P.H.E. has requested sanction to the apptts. of the following overseers

Tempy. Estabt.

Pay offered.

(1) Mr.B.L.Pomat, B.E. Rs 150 p.m. (Passed B.E. in 1918). He was employed in the Surat & Broach Dn. on Rs 150 p.m. He was appointed as the Jamihal Water Supply scheme was very urgently reqd. before the end of March 1943. He has joined on the 17-2-43.

(2) Mr.S.K.Joshi. Rs 100 p.m. Mr.Joshi is a D.C.E. of the College of Engrg., Poona. He has worked for nearly 10 yrs in the Indore State on the Water Supply & drainage schemes. He was employed on the preparation of the Kolhapur Water Supply Impt. scheme on Rs 90 p.m. He was to join on the 20-3-43.

(3) Mr.B.G.Walimbe, B.E. Rs 102 p.m. with effect from the 18-2-43. He has served for about 6 months in the Central P.W.D. and B.B.& C.I. As graduates can be appointed on Rs 100 p.m. it is stated that the pay of Rs 102 p.m. is not much in excess and it i regulated in the revise scale of pay of the B.S.E.S.

Work-charged estabt. of the Sany. Project office.

(4) Mr.V.P.Deshpande, Overseer, pay Rs 6[illegible] He has joined in Feb.1943 His pay h been fixed 66 p.m. looking to his experience in other Deptts. Some tw years ago he was appointed as a surveyor on Rs 60 p.m. by the Ex.Eng Surat and Broach Dn., Surat.

(5) Mr.V.V.Date, Surveyor, Pay Rs 70 p.m He has joined in Feb.1943. Has com pleted and passed the surveying a levelling course in the Agr.Deptt and has practical experience. Simi pay was offered in the M.E.S.

Based on the Three cases I/c/as a Salary of Rs 100 is the proper one. S/ mky

May be approved S/ mky

May be approved S/ mky

May be approved S/ mky

Experience & Qual. should be asked for.. S/ mky

Do as above S/ mky

(6) Mr.M.G.Savadatti, Surveyor, pay Rs 66. He ~~was~~ joined in Feb. 1943. Has passed the Overseer's examn.of the Archl. Engrg.College, Lucknow (U.P.) and was working with the Hubli Munl.Borough for a short time and was some time engaged on Mily.works by the Hindustan Constriction Coy.

166

The posts under reference were advertised in the news-papers. The S.Es.and Ex.Engrs.were requested to intimate if they could suggest the names of persons who could be spared for transfer to the Public Health Br.along with the Public Health Schemes under preparation with them. No favourable replies were recd. from those officers. The persons are being paid at the rates of pays noted against each in anticipation of Govt.sanction. The C.P.H.E. accordingly requests that the apptts.made may be approved.

5. As regards Messrs.Pomat and Joshi, it may be stated that it has already been proposed that their apptts.on the rates of pays proposed may be approved vide para.3 of the O.N.dated the 17-2-43 and para.2 of the Dy.Secy's note, dated the 17-2-43. As regards the pays offered to Messrs.Walimbe, Deshpande, Date and Savadatti, it may be stated that there is a great demand for overseers and higher pays are offered by the Defence Deptt.and the private contractors. With the exception of the pay offered to Mr.Walimbe, the pays offered to Messrs.Deshpande, Date and Savadatti do not appear to be high owing to the non-availability of suitable men. The pays offered to Messrs.Deshpande, Data and Savadatti may, if approved, be sanctioned. It is for consideration what pay may be sanctioned to Mr.Walimbe.

6. When new apptts.are made, the rules re: the age limit, possession of required qualifications and the domicile have to be observed. It has been decided to relax the age limit in the case of Mr.Joshi. As Mr.Pomat was already in service, the question of the relaxation of the age limit does not arise in his case. It is likely that Messrs.Pochara, Walimbe, Deshpande, Date and Savadatti might be overage. The C.P.H.E.may therefore be requested to report whether it is necy. to relax the age limit in their cases. He may also be requested to report whether Messrs.Deshpande, Date and Savadatti possess the required educational qualifications. It is presumed that all the persons, whose apptts.are to be approved, are natives of this Province. The C.P.H. may however be requested to confirm this presumption.

7. The action refd.to in para.5 of the O.N.dated the 17-2-43 will be taken in due course.

LETTER.

To

The Secretary to Government,
Public Works Department, Bombay.

No. A.1.33.D/237 of 1943. Camp M'War.24th April 1943.

Subject:- Appointment of an Overseer in Public Health Branch.

Not received

Please refer correspondence ending with my No. M.S.21-27/2312 of 3rd March 1943 on the subject of appointment of Mr. Pachara as an Overseer. Mr. Pochara now reports that he is free to join duty immediately and I request Government for early orders on his appointment. I am short of hands and the Defence Department has asked me to construct the drainage scheme for the Churchill Hospital town vide my No. Secret D-152 of 18.4.1943. This scheme would cost nearly Rs. 6 lakhs and cannot be pushed on without additional staff. Mr. Pochara's services are quite essential. He has received an offer from Messrs.

Hindustan

Hindustan Construction Co. and if he takes up his new appointment it would be difficult to get another Overseer immediately. If there is any difficulty in appointing him on temporary establishment, I would suggest he may ~~xx~~ be appointed on work-charged establishment on Rs. 150/- per month for the drainage scheme of Churchill Hospital Town. Immediate orders are requested.

PUBLIC WORKS DEPARTMENT
File No. 6250/36
22. MAY 1943
Serial No. 11502

Copy of letter No. 50 dated the 3rd April 1943 from the S.D.O., Sanitary Project Sub-Division, Poona to this office regarding T. A. Journals for February and March of Mr. M.M. Vyas, Deputy Engineer.

...

I have the honour to submit herewith my T.A.journals for the months of February and March 1943 for favour sanctioning the full amounts of Rs. 123-9-0 and Rs. 186-6-0 respectively against the sanctiond limit of only Rs. 100/-for my T.A.vide G.M., P.W.D.No.6250/36-E dated the 5th January 1943. From the perusal of my T.A.Journals for the last two months, it will be seen that their higher amounts are due to the long railway journeys carried out for giving instructions to Surveyors engaged on the Jammihal Scheme in the Dharwar District. When other schemes such as Islampur water supply scheme in the Satara District, Yeola water supply and drainage schemes in the Nasik District, Ilkal drainage in the Bijapur District, Mahableshwar water supply and drainage in the Satara District Nipani water supply in Belgaum district, Khed water supply and drainage scheme in the Ratnagiri district and Ahmednagar Drainage in Ahmednagar district are taken up, I will have to do extensive touring and the amounts of T.A.Journals will increase considerably. There is likelyhood of other schemes such as Nadiad water supply in the Northern Circle and the Pachora water supply scheme in the Central Circle being entrusted to me in the future. Thus I shall have to tour practically in the whole Presidency and the amount of Rs.100/- sanctioned by Govt. as my T.A. will not be sufficient, if timely instructions to the Survey Staff on the sites are to be given. For the above reasons I request you to move Govt. to allow me to draw T.A. according to rules for Railway Journeys subject to the total amount of Rs.3,600/- for the year.

LETTER

To

The Secretary to Government,
Public Works Department, Bombay.

No. D-156 of 1943. Camp ~~Poona~~, 15th/18th April 1943.

Subject:- T.A. Journals of Sub-Divisional Officer, Sanitary Project Sub-Division.

p. 41

In G.M., P.W.D. No.6250/36-E dated the 5th January 1943, Government have sanctioned the limit of only Rs. 100/- per month for the T.A. of the Deputy Engineer in-charge of the Sanitary Project Sub-Division. I enclose a copy of his letter No. 50 dated the 3rd instant to me in which he points out that owing to his having to travel to Dharwar for the preparation of the Jammihal Scheme, his T.A. Journals for February and March 1943 are Rs. 123-9-0 and Rs. 106-6-0 respectively. When Government sanctioned Rs. 100/- p.m. for his T. A., I do not think that they realised that the Deputy Engineer has to tour all over the Presidency on schemes of great importance. Since Mr. Vyas being a 2nd Class Officer has to travel by 2nd class and as he has to go on Inspection duties every month at various places month-ly connected with Railways the cost of his T. A. claims is likely to exceed more than Rs. 100/- per month. I, therefore, request you to allow me to pass his T. A. Journals to the actual amounts which may be admissible to him under the Rules.

p. 95

In .. ..

In anticipation of Government sanction I am passing his journals for February and March 1943 for amounts as stated above.

2. It is presumed that the average cost of his T. A. claims per month may be between Rs. 150 and 200 and that total annual cost may not exceed Rs. 2500/- at the most. However, after reviewing the position again in next January 1944 I will approach Government for the actual amount of funds likely to be required

Papers being dealt with separately p. 41

P.W.Deptt.

(E.B.)

– In G.L.No.6250/36-E, dated the 5-1-43 re: the formation of the Sany.Project Sub-dn., it was directed that the t.a.of the Dy.Engr.in charge of the sub-dn.should be limited to Rs 100 p.m. Except for the lump sum provision of Rs 400 p.m.for the t.a.of the staff in the sub-dn., no specific proposal about the t.a.of the Dy.Engr had been made by the C.P.H.E.when the above orders were passed. The rate of p.t.a.of a sub-dnl.officer is Rs 75 p.m. It was proposed by this Deptt.that ordinary t.a may be granted in this case, limited at present to Rs 100 p.m. and the proposal was accepted by Govt. There was no information or data available to fix the t.a. limit at Rs 100 p.m. The Dy.Engr's head-qrs are at Poona and from the papers under disposal, it appears that he will have to do extensive touring to different places in the province. His t.a.actually amounted to Rs 123 and Rs 186 in Feb.and March 1943 respectively. The C.P.H.E.therefore requests that he may be allowed to pass the Dy.Engr's t.a.journals for the actual amounts admissible under the rules. In anticipation of Govt.sanction, he is already passing the t.a.bills for Feb.and March 943 for the amounts stated above. The A.G. is not, however, likely to pay the bills in excess of Rs 100 p.m. in the absence

absence of Govt.orders. The C.P.H.E. thinks that the t.a.of the Dy.Engr.will range between Rs 150 to Rs 200 p.m. It is for orders whether the C.P.H.E's proposal to grant actual t.a.to the Dy.Engr. as admissible under the rules without any limit may be approved,or whether the limit of t.a.may be raised,say to Rs 150 p.m. The F.D.may see, if tne t.a.is to be increased.

Urgent. Dhumwad 23rd March 1943.

To

The Deputy Engineer,
Sanitary Project Sub-Division, Poona.

Subject:- Shifting of the Camp for Survey Party to Dharwar for safety.

Sir,

I respectfully beg to bring to your notice that the last night Saboteurs had burnt the Chavdi and other police station near the main Road. There were more than 50 in numbers and they were going to burn the Dharmsala where we have put up our camp and Government articles. We were engaged in plotting the levels on the main drawing showing nalas and cross-sections and the scene of firing happened at about 8-30 p.m. and last night. We had left our place of residence to save our bones. There is every danger of Dharmshala to be burnt up at any moment. As they did not know that the Dharmsala is the place where the Survey Party has put up, we have been saved. So it is necessary for us to shift to some safe place for continuing the survey work. Dharwar is close to Dhumwad and a Motor can be engaged on for coming and going in the evening and keeping the survey materials in a store room here, if possible.

Your obedient servant,

Sd/- B. L. Pomat, Overseer.

No. 85 of 1943. Poona, 15th April 1943.

Forwarded with compliments to the Consulting Public Health Engineer to Government, Poona, for information.

The undersigned visited the place and found the facts to be correct. On account of this incident, all the surveyors there appeared to be in a state of anxiety, so in order to reduce it, the undersigned stayed with them for three nights. They pressed him for shifting the head quarters to Dharwar and to arrange for a motor bus. But on account of petrol rationing, it does not appear to be feasible nor it is desirable in the interest of the work. Inquiries were also made in the Hammihal village to obtain houses on rent but

the

the owners flatly refused under one pretext or other as presumably they were afraid of their houses to be likely targets for fire by sabotaeurs if rented to Government Servants staying with costly survey instruments. As there was no other alternative, they were forced to stay there on the promise that Government would compensate them by allowing special pay during their stay at Dhumwad. It is proposed that an increase of 20% should be paid to them and it will be a sufficient inducement for them to stick up to their posts. Necessary sanction of Government may please be obtained. The extra charge will be met with from the saving on the survey estimate and no items of extra cost will be required. For temporary establishment a sum of Rs. 200/- will be required.

Sd/- M. M. Vyas,
S.D.O., Sanitary Project Sub-Dn.

...

No. D/ 191 of 1943. Camp M'War. 21st April 1943.

Copy forwarded with compliments to the Secretary to Government, Public Works Department, Bombay, for information.

2. The Survey Party working on Jammihal scheme were in considerable danger of their lives during the later half of March and I think it was very creditable of the staff to have worked in this jungle under these difficult circumstances. You will see in a few days the result of work they have done and I submit that it would be gracious of Government to give them all an increase of 20% on their pays. The extra charge can be met from the saving on the survey estimate and establishment grants already sanctioned.

Consulting Public Health Engineer to Government.

(E.B.) P.93. P.W.D.
The F.D. having seen, the draft letter at P.93 ante may issue and the papers may then be resubmitted with reference to the subsequent proceedings

M
3-6-43

3/6/43.

F.S.

3/6

E.B.

The main file (No.6250/36) has since been recd.from the F.D.and the papers are arranged, within. pp 97-98 & 105-106

2. There are two proposals from the C.P.H.E.to Govt.in these papers which require consideration and orders. These are as under:- pp 97-98

(1) T.A.Journals of the S.D.O.Sanitary Project Sub-dn.

(a) The C.P.H.E.to Govt.had represented that as the S.D.O.Sanitary Project Sub-dn.has to tour throughout the Province, the maximum t.a.limit of Rs 100 p.m. imposed in his case may be waived and he may be allowed the actual t.a. expense incurred. The amounts of t.a.incurred by him during the months of Feb.and March 1943 are Rs 123-8-0 and Rs 186-6-0 respectively. Please see O.N.at pp. 99-100 ante and the Dy.Secy's note thereunder. (p.9) p-41

(b) In G.L.No.6250/36-E,dated the 5-1-43 orders were issued to the effect that the t.a.of the Dy.Engr.,in charge of the Sany.Project Sub-dn. should be limited to Rs 100 p.m. Pl.see marginal orders against para.17 at p.35 ante according to which the t.a.limit of Rs 100 p.m.was fixed for the Dy.Engr.. There are no other Dy.Engrs.whose jurisdiction extends the whole of the Bombay Province. Mr.V.R.Narathe,B.E.(Mechl.), Mechl.Asstt. in the office of the C.P.H.E.to Govt. is required to tour throughout the Province of Bombay for purposes of inspection of Pumping plants,etc. He is given actual t.a. No information is,however,available as to the amounts of t.a.he has drawn so far. It is for orders whether the recommendation made by the C.P.H.E.may be accepted. pp 105-106

I do not consider that the Dy Engr should be asked to go over the whole Presidency. He can not do much work thereby. 9/51

(2) Spl.pay to the staff working on Jamihal scheme. The Survey party which had camped at Dhumwad (close to Dharwar) in a Dharmsala for plotting levels on the main drawing showing nalas and cross sections in connection with the Jamihal scheme, was going to be attacked by saboteurs on the night of 22nd March 1943 They were consequently alarmed and very anxious about their lives and requested the Dy.Engr. to chang the Hd. qrs.of the Party to a safer place (Dharwar). This would have an adverse effect on work. Th Dy.Engr.,Sany.Project Sub-dn.had accordingly stayed with the party for three nights to reduce their state of anxiety and promised the party that Govt.would compensate them by allowing spl.pay during their stay at Dhumwad. The C.P.H.E.recommends that the survey party may be given spl.pay at the rate of Rs 20 of their pay for the period during which the party had to work at Dhumwad. The extra cost is anticipated at Rs 200,and it is reported that it will be met from the survey estimate and the estabt.grants already sanctioned.

had

Unauthorised promises are dangerous

p-106 9/51

p.106

The Collr. of Dharwar has forwarded the C.P.H.E's recommendation. As the party had to work under odd circumstances, the proposal made by the C.P.H.E. may be accepted.

3. The F.D. may see these papers u.o. with ref. to para.2 above.

BKR
5/7

p.90

4. Receipt of a reply to G.L.No. 6250/36-E, dated the 7-5-43, is awaited. The C.P.H.E. has been separately expedited in the matter (In file No.P.190/9/16055). Accy. further action in that connection will be taken on receipt of the C.P.H.E.'s reply.

S.A.D.
5-7-43

In regard to T.A. of the Dy Engr it will be easily possible to dispense the concession of actual T.A. I do not see why the Dy Engr has to travel over the Dhale Jam. Presidency. I propose that the T.A. journals for Feby & March 1943 may be called for the Engr's perusal so that he may judge fully & pass orders.

2/ In all circumstances we can not see the necessity of 20% allowance to those engaged in the Survey. Even if there was danger according to the D.M. Police guards or Chowkidars could have been engaged at Govt cost. The mere presence of the Dy Engr was hastening to the Staff & a couple of Policemen may have achieved the object. Furthermore the work was not of such paramount importance as to let the lives of the Surveyors be endangered. A Scheme of the size of Jamkhal W.S. Project likely to cost Rs 60 lakhs can not be swept

affected in its progress by the loss of a few days, if the latter were unavoidable. I do not wish to be unsympathetic or to deprecate genuine cases of valour but it is difficult to appreciate the enormities showered by the C.P.H.E or to support his view of the Extreme urgency of the Project

9/5/7

Additional T.A. to me by Engr Project Sub Dn } I am not quite satisfied with the

limit of Rs 100/- P.M or Rs 1200/- per years needs revising. The C.P.H.E he written to, to submit a Statt of T.A. bills, submitted by (a) S.D.O/ Project Sub Dn

(b) Mechl/ Asst (Mr Maratha)

for each of the months:-

(a) in case of (a) January 1943 to June 1943

(b) " (b) July 1942 to June 1943

2/- I find myself unable to agree to the principle of compensating staff for

exposing themselves to some kind of danger, real or anticipated. extent of which is unknown, & period indefinite. Such a ~~precedent~~ sanction would form a bad precedent. I regret, the request must be refused.

EXPRESS LETTER. No. 12693 of 1943.

Poona, 6th December 1943.

From: Helenger, Poona.

To: The Secretary to Government,
Public Works Department, Bombay.

Subject:-- Continuance of the Sanitary Project Sub-Division of the Public Health Branch.

Reference - Govt., P.W.D. Express Letter No.6250/36-E, dated the 30th ultimo.

I submit herewith Statement A giving the list of Public Health schemes for which survey estimates have already been sanctioned by Government or are before Government for sanction, and for which necessary survey party will have to be detailed early next year to have the necessary data collected for the preparation of detailed plans and estimates. The actual project preparation in respect of these schemes will commence early next financial year. The total approximate cost of such schemes would be Rs. 23.4 lakhs and an amount of Rs. 58,500 will be due from the local bodies concerned on account of 2½% centage charges for preparation of detailed plans and estimates.

To put it from a business point of view, the estimated cost for making out surveys on account of these schemes would be Rs.14,250 as indicated in the statement referred to above and the net amount available for meeting the establishment and other charges of the Project Sub-Division would be Rs. 44,250, which is considerably more than the total amount required for running the Project office for one year, (Rs.34,000). This is based on the presumption that the Project Office will be detailing only the projects mentioned in the statement. Actually, there may be many more that may be projected.

P.T.O.

Incidentally, it may be mentioned that during the period of last ten months the Project Office was formed, projects costing about a crore of rupees have been - prepared and submitted either to Government or the Board of Public Health Works.

Statement B will show (1) the names of schemes, detailed preparations of which have been authorised by the Board and whose survey estimates have to be prepared and submitted to Government for sanction, and (2) the names of Municipalities whose requests for preparation of either water supply or drainage schemes have to be placed before the Board of Public Health Works at its next meetings.

From the foregoing facts, it will be clear that the Sub-Division has to be continued to be attached to my branch and run as a permanent feature.mf

To sum up, local bodies have promised to pay to Govt. the sum of Rs. 58,500 for the projects to be taken in hand during the next year 1944-45. During this period, the cost of establishment in the project office will be about Rs.34,000. This is a certain return of about 70% and it is quite likely that additional schemes would be taken up during this coming year which will produce still more return. The project office is therefore a good paying concern apart from being of great public value in developing water supply and drainage schemes.

P.W.D.

T.A. to the Dy.Engr. in charge Sany. Project Sub-dn.

E.B.

The general sanctioned rate of p.t.a. for a Sub-dnl.officer is Rs 75 p.m. The Dy.Engr. in charge Sany.Project Sub-dn. has been granted ordinary t.a.admissible under the rules but limited to Rs 100 p.m. When the Sub-dn. was opened in Jany. 1943 and this limit of t.a. was imposed, the C.P.H.E. had made no proposal about the t.a.of the Dy.Engr. and there was no data available on which the limit of Rs 100 p.m. was based. Subsequently the C.P.H.E.proposed that the t.a. limit may be waived and the Dy.Engr.granted the actual t.a.admissible under the rules,as he has to tour throughout the province. He thought that the t.a.would range between Rs 150 to Rs 200 p.m. The papers are now submitted with ref.to the information required in this connection in para 1 of the Secy's note at p. 113 ante re: the t.a. bills of the Dy.Engr. in charge Sany. Project Sub-dn.(Mr.M.M.Vyas) and of the Mechl. Asstt.under the C.P.H.E. (Mr.V.G.Marathe). Mr. Vyas has now been appointed as Lecturer at the Poona Engrg.College and Mr.J.T.Gadre,Offg.Dy. Engr. in charge Poona Water Works Sub-dn. is holding the charge of the Sany.Project Sub-dn. in addition to his own for the time being,as separately intimated by the C.P.H.E. Mr.S.E.Wadia, tempy.Dy.Engr. in charge Hospital Town Water Supply Sub-dn. will be shortly put in charge of the Sany.Project Sub-dn. for which he was recruited through the P.S.C. Mr.Marathe as Mechl.Asstt. has to tour throughout the province to inspect pumping plants etc.and is given actual t.a.as admissible under the rules. Hence the call for the information about the t.a.bills of the two officers for the purpose of comparison. The information about the monthly t.a.bills (put up below) of Messrs.Vyas and Marathe is given in the following table:-

| Mr.Vyas. | | Mr.Marathe. | |
|---|---|---|---|
| Month. | Amount of t.a.bill. Rs | Month. | Amount of t.a.bill. Rs |
| Jany.1943. | 133 | July 1942 | 21 |
| Feby. " | 123 | Aug. " | 89 |
| March " | 186 | Sep. " | 96 |
| April " | 167 | Oct. " | 224 |
| May " | 184 | Nov. " | 40 |
| | | Dec. " | Nil |
| Av: per month. | 159 | Jany.1943 | 61 |
| | | Feb. " | 112 |
| | | March " | 198 |
| | | April " | 74 |
| | | May " | 130 |
| | | June " | 33 |
| | | Av:per month | 90 |

The question for consideration is whether the t.a of the Dy.Engr.in charge Sany.Project Sub-dn. should continue to be limited to Rs 100 p.m.or whether the limit may be raised,say to Rs 125 p.m., or whether actual t.a.admissible under the rules without any limit may be granted to the Dy.Engr., and whether if the t.a. is now to be revised as above,it may be granted from the date of orders

or

or with the retrospective effect from the date when the Sub-dn. was opened in Jany. 1943. The F.D. may be consulted on the case, if the t.a. is to be revised.

BKR
23/2

23-2-44
24

Sec.

I am still not convinced that the limit of Rs 100/- fixed for the T.A. of Dy Engr. Sarv Proj Subdn should be raised. In any case, T.A. bills in excess of the limit fixed by Govt cannot be passed, in anticipation of Govt sanction as appears to have been done by the C.P.H.E (P. 97 ante) He may be asked to state whether payments in excess of the permissible limits have been made. If so, to give details at once for the orders of Govt. He may further be informed that in such cases bills in excess

139

of the limits laid down by Govt. can not be passed ~~by him~~ in anticipation of orders.

Consulting Public Health
Engineer to Government.

Letter.

To

The Secretary to Government,
Public Works Department, Bombay.

No. P.O.26.29/20/163 of 1944. Poona, April 18 1944.

Subject:- T. A. to Deputy Engineer,
I/C. Sanitary Project Sub-Divn.

Reference: Government letter, P.W.D., No.6250/36-E, dated the 3rd March 1944. P. 139

2. I submit herewith a statement showing the details of T.A. drawn by the Deputy Engineer, I/C. Sanitary Project Sub-Division, Poona, in excess of the limit of Rs. 100/- since the month of January 1943.

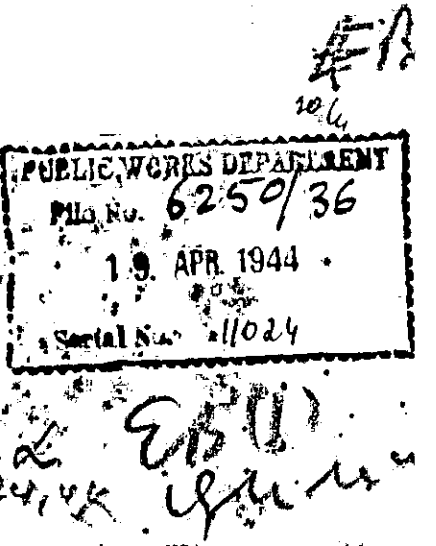
3. From the statement it would be observed that the excess of T.A. is chiefly due to railway fares for the journeys which the Deputy Engineer had to undertake in the interest of public works and not as a result of unnecessarily prolonged halts or exhorbitant actual expenses. Since the journeys performed by the Deputy Engineer were done in the interest of Government duty and were thus adequate and reasonable, the amounts of T.A. drawn by him over and above the limit of Rs.100/- may please be sanctioned. With the statistical data of past twelve months, I have once more to request that Government may please review this case and limit the monthly T.A. claims to an amount not less than Rs. 160/- per mensem which is an average monthly T.A. expenditure of the Deputy Engineer. I do not think it possible to travel throughout the Province with the

present ...

present inadequate grants.

D.A. 1 Statement
ICV. 13.4.44.

Consulting Public Health
Engineer to Government.



E.B.

Submitted with ref. to G.L.No.6250/36-E, dated the 3-3-44 in which the C.P.H.E. to Govt. was asked to report excess of payment of t.a. over the permissible limit and submit details of the t.a. bills of the Dy. Engr. in charge of the Sany. Project Sub-dn.

2. In para.3 of G.L.No.6250/36-E, dated the 5-1-43 the t.a. of the Dy.Engr. in charge of the Sany. Project ~~Dy.Engineer in charge of the Sany.Project~~ Sub-dn. was limited to Rs 100 p.m. When sanctioning this t.a., Govt. had no data before them as regards the amount of travelling the Dy.Engr. would have to do. Pl.see para.17 of the office note, dated the 15-12-42 and the orders thereon in which it was stated that ordinary t.a. may be granted to the Dy.Engr. limited at present to Rs 100 p.m.

3. The jurisdiction of the Dy.Engr., Sany.Project Sub-dn. extends throughout the whole Province. From the details furnished by the C.P.H.E. to Govt. it will be seen that during the months of Feb. to Dec. 1943, the Dy.Engr. had to travel from Godhra in the north to Dharwar in the south. He had to visit several places ~~xxxxxxxx~~ during his journey on duty. In view of this and the fact that the t.a. claims of the Dy. Engr. in charge, Sany. Project Sub-dn. during the months of Feb.-Decr. 1943 were not less than Rs 160 p.m., it is for consideration whether the t.a. limit of the Dy. Engr. may be raised to Rs 160 p.m.

4. Incidentally it may be pointed out that Govt. has recently sanctioned increase in the rates of mileage allowance for journeys by road. This will have

have the effect on the amount of t.a.drawn by the Dy.Engr. hereafter, because for the same journey which was previously undertaken by the Dy.Engr. he will be eligible to claim t.a. at increased rates in accordance with G.R. F.D.No.1922/33, dated the 11-5-44.

If the recommendation made above is accepted, the papers may be referred u.o.tc the F.D.

BKR

C.C.to F.D. dt. 20th June 1944.

FINANCE DEPARTMENT
File No.
20 JUN 1944
Serial No. C.

Finance Department.

The C.P.H.Engr. to Govt. has proposed that the monthly limit on t.a. of the Dy.Engr. in charge Sanitary Project Sub-Division should be increased from Rs.100 to Rs.150. The P.W.D. proposes that the limit should be raised to Rs.200. The P.W.D. proposal is thus more liberal than that of the C.P.H. and the basis for it is that the t.a. limit should be

P.W.D. 6250/38.

be raised to Rs.150 for increased touring, over which 33⅓% should be given on the analogy of the orders in G.R./No.1922/33, dated 11-5-1944.

2. The limit of Rs.150 p.m. proposed by the P.W.D. approximates to the C.P.W.Engr's proposal, which is based on the statistical data of the last twelve months. It is thus clear that the P.W.D. considers that the limit of Rs.150 p.m. is adequate on the basis of the Dy.Engr's actual t.a. expenses so far as they are known. These expenses have been incurred recently and they already include the increased cost of touring to compensate for which the orders in G.R.,No.1922/33 were issued dated 11-5-44. Besides, the 33⅓% increase granted under those orders is in respect of D.t.a., while the increase under consideration is in respect of limit on t.a. It may also be noted the Dy.Engr's t.a. bills indicate excess chiefly due to railway fares. i.e. to say the major part of his travelling is done by the Railway. Railway fares have not been

been raised in respect of journeys of less than 50 miles and have been raised only by about 6% in respect of journeys exceeding 50 miles. The proposal to raise the limit to Rs.150 p.m. already takes into account compensation for ~~these~~ this excess. F.D. may, therefore, not agree to grant of $33\frac{1}{3}\%$ increase. The proposal to raise the limit to Rs.150 p.m. only may be accepted. This may continue to be in force till 31-3-45 in the first instance.

17-7-44

6250/36

E.B.(1)

Submitted with reference to the
H 13.1.6 - office note, dated the 15-6-44.
2. This Deptt. had recommended that
the T.A. of the Dy. Engr. in charge of
Samy. Project Sub-Div. should be limited
H 13.1.6 - to Rs. 200 p.m. (Rs. 150 + 33⅓%) The CPWE
to Govt: had proposed a monthly T.A.
1 - limit of Rs 160 p.m. which is an
average monthly T.A. of the Dy. Engr.
H. 147 - - In the circumstances stated by the S.D
it is for consideration whether this proposal to limit the T.A. of the Dy. Engr
to Rs. 150 p.m. may be accepted. If
so the orders may take effect from
the 1-9-44. It is for consideration
also whether the excess of the T.A.
of the Dy: Engr. above the sanctioned

limit

6250/26 157

Limit viz. Rs. 100 fixed for the months of February 1963 to Dec. 1963 may be admitted & sanctioned for payment after the papers will be referred etc to D.S on receipt of order.

H.
18.8.64

The C.P.H.E.'s figure does not take into account the increase in the mileage rates and D.A.

2. Admittedly the greater proportion of the cost of the T.A. was for railway journeys; but even taking this into consideration, I still maintain that my maximum figure of Rs.200 is fully justified when individual figures are taken into calculation.

3. I suggest that the figure of Rs.150 may apply up to the date when increased rates of mileage and

daily ...

allowance
daily came into operation and Rs.200 after that date. The excess over Rs.100 may be paid to the Dy.Engr. for the period from February 1943 to December 1943.

SVS U.O.to F.D.dated.. 24th Aug 1944.

FINANCE DEPARTMENT
File No.
24 AUG 1944
Serial No.

Finance Department. 'C'.

Please see this Deptt. note dated 14-7-44. The P.W.D. now proposes that the Dy.Engr.'s t.a. may be limited to Rs.150 p.m. till the date on which rates of road mileage and daily allce. came into effect and after that date to Rs.200 p.m. It is also proposed to admit the excess of t.a. over Rs.100 p.m. from Feby.1943 to Decr. 1943.

2. It is seen from the statement on page 142 ante that -

that though the major part of the travelling expenses was on account of railway journeys, still for whatever halts made and road journeys undertaken, the expenses have been shown at the old rates of daily allce. and road mileage & not at increased rates. The average limit of Rs.160/-p.m. arrived at by the C.P.H. & takes into account the rates mentioned in the statement i.e., the old rates. It, therefore, seems equitable to leave in the t.a. limit sufficient scope for the increased d.a. and road mileage rates. If so, the proposal of the P.W.D. as stated in the P.W.D.Secy.'s note may be accepted as reasonable, subject to the condition that the t.a. limit of Rs 200 p.m. may prevail till 31.3.45 in the first instance, which is also the date of expiry of the present sanction to the orders in G.R. no 1922/33 d. 11.5.44.

Compd. by:-

Very Urgent.

No. of 1944.
Poona, October 1944.

To

The Secretary to Government,
Public Works Department, Bombay.

Subject:- Continuance of the Sanitary Project Sub-Division of the Public Health Branch.

Reference Government Letter No.6250/36-E dated 5th February 1944 :-

2. I attach herewith two statements showing water supply and drainage schemes proposed to be undertaken during 1945-46 and the schemes proposed to be undertaken during 1946-47. There are yet many others waiting to be projected. Though it may not be possible to push on with the preparation of all the schemes as scheduled, the valuable work rendered by the Sub-Division can be judged by the quality and extent of work turned out during the short time it has been functioning. Taking into account the circumstances under which the Sub-Division was created, the nature of work, the number of schemes now on hand and also the number of schemes in view, it may safely be said that it is not only necessary to sanction continuance of the Sub-Division for the next year, but it is quite essential to bring it on permanent footing as the public health schemes are of a permanent nature, and require to be dealt with very efficiently. To have any scheme drawn up efficiently it is necessary to have trained staff ready at hand specialised in public health engineering. This is only possible if all such works are entrusted to one agency, instead of their being distributed throughout the Province under different executive divisions as was being done for some years during the past.

3. The work of the Sub-Division cannot be said to be over even when all the schemes enumerated in the attached statements are once drawn up, as many more may spring up in course of time and the schemes once drawn up may require to be revised, enlarged or altered to suit the financial or any other circumstances prevailing at the time when the scheme is actually taken up for execution. As such the Sub-Division has ample work to do in the next as well as in future years. There will be no additional expenditure on Government as preparation of schemes both for Government and for local bodies will be entrusted to this Sub-Division and 2½% centage charges are levied on local bodies for work done on their behalf.

4. I therefore request that Government may kindly consider these points and sanction the Sub-Division as a permanent feature of the Public Health Branch.

Consulting Public Health Engineer to Government.

V.R./24-10-44.
Compd. by:-

6250/36

E.B.(I)

Submitted with ref.to G.L.No.6250/36-E, dated the 5-2-1944.

2. The Sany.Project Sub-dn.was sanctioned on a tempy.basis with head-quarters at Poona till the 29-2-44. For details of staff sanctioned for the tempy. Sub-dn. - vide G.L.No.6250/36-E,dated the 5-1-43. In addition to this the t.a.of the S.D.O. was limited to Rs 100 p.m. which was later on raised to Rs 150/up to the 30-4-44 and thereafter to Rs 200 p.m. upto the 31-3-45. The t.a.of the overseers had been limited to Rs 42-8-0 p.m. The Sub-dn.was continued on a tempy.basis upto the 28-2-45 together with the estabt.sanctioned therefor - vide G.L.No.6250/36-E, dated the 5-2-44.

3. In the letter within the C.P.H.E.has strongly recommended the continuance of this Sub-dn. on a pt. basis, as the public health schemes are of a pt. nature and require to be dealt with very efficiently Pl.see the statements at pp. ante showing water supply and drainage schemes proposed to be undertaken during 1945-1946. and others proposed to be undertaken during 1946-47. In view of the large number of schemes to be drawn up and the others to be revised, ~~altered~~ enlarged or altered as circumstances prevail, the Sub-dn. has ample work to do in the coming years. The C.P.H.E. states that there will be no addnl.expenditure to Govt. as preparation of schemes both for Govt. and local bodies will be entrusted to this Sub-dn. and 2½ % centage charges are levied on local bodies for work done on their behalf. The C.P.H.E.to Govt.has proposed the continuance of this Sub-dn. during the ensuing year and put it up as a new item. In the circumstances it is for consideration whether the sub-dn.may be sanctioned on a pt.basis or on a tempy.basis for a further period of only 1 year upto the 28-2-46. On [illegible]

4. The C.P.H.E.has separately forwarded a chart in file No.7145/36 showing the distribution of works between the Public Health Works Dn. and the Poona W.W.Dn. A project Dn. has been mentioned in the proposed Public Health Works Dn. Presumably, by the Project Dn., the Sany.Project Sub-dn. is meant. On receipt of orders the papers will be refd.u.o.to the F.D.

Submitted with reference to the office note dated 10-1-1944. In view of the facts stated by the C.P.H.E., this Deptt. may agree to the continuance of the Sany. Project Sub-Division up to 28-2-1946 as proposed by the P.W.D. We have already agreed u.o. to make a provn. of about Rs.23,000 for 1945-46 on this account. As the sub-division is at present being continued for one year only, the expdre. thereon during 1945-46 will be non-recurrent. It is also less than Rs.25,000. It is, therefore, not necessary to have a new item for this proposal. If it is, later on, found that sub-division is to be continued on a permanent basis, the P.W.D. may treat the proposal as a new item for 1946-47.

the A.G., Bombay (thro. the F.D.)

for information in continuation of Govt. endt.No.6250/36-E, dated

Letter.

To

The Secretary to Government, P.W.D., Bombay.

No. 7039 of 1945. Poona, August, 9/4 1945.

Subject:- Travelling Allowance. 541

I solicit a reference to G.L., P.W.D.No.6250/36E dated the 5th January 1943, regarding creation of the Sanitary Project Sub-Division under my control and request that the maximum limit laid down in paragraph 3 thereof in respect of T.A. of overseers of the said subdivision may please be raised to Rs.100/- per month. Since the jurisdiction of the subdivision is all over the Province of Bombay, the establishment attached to it has very often to move quickly from one end ~~km~~ of the Province to the other which involves considerable travelling. It is an experience of the last two years that the touring staff has, many a time, actually to be out of pockets. Government have kindly considered the case of the Sub-Division Officer i/c of this subdivision on these lines only and increased his T.A. limits from Rs.100/- to Rs.200/- per month vide correspondence ending with G.L., P.W.D.No. 6250/36-E(I) of 25.9.1944. 154

A

2. I therefore recommend that in view of the facts stated above and in consideration of the present abnormal cost of touring, Government may relax the limit of T.A. for the overseers attached to the Sanitary Project Sub-Division and their T.A. claims allowed to be passed

upto

upto Rs.100/- per month.

3. I may also request that the limits of T.A. of the subdivisional officer as fixed under G.L., P.W.D. referred to above may be continued for one more year i.e. till 31.3.1946.

Early orders are solicited.

Public Health Engineer to Government.

D.A.Nil.
RMS/9.

Public Works Deptt.

E.B.(I).

In accordance with the orders issued in para 3 of G.L.No.6250/36-E, dated the 5-1-43 the t.a. of the overseers attached to the Sany.Project Sub-divn. is limited to Rs.42-8-0 p.m. each. For the reasons stated overleaf, the P.H.Engr.requests that the t.a.limit of these overseers may be raised to Rs.100 p.m.

2. The circumstances leading to the issue of the ordersin G.L.No.6250/36-E(I), dated the 25-9-44, raising the t.a. limit of the Dy.Engr. in charge Sany.Project

⊗ The limit was raised to Rs 48-12-0 p.m. upto the 31-3-45 & it is proposed to raise it to Rs 51-12-0 p.m. from 1-4-45 for a period of one year.

Serial No. 26491.

Sub-divn. to Rs.200 p.m. are discussed at pp.145-152 ante.

3. The P.H.Engr.has explained at pp.165-166 that these overseers have to do a lot of travelling as the jurisdiction of the Sub-divn. extends to the whole of the Province and that they have frequently to be out of pockets. The ~~Con.P.H.Engr~~.has not given facts and figures in support of his recommendation. The accompanying draft may accordingly issue, if approved. p.168

4. The P.H.Engr.also requests at p.166 that the t.a.limit of the Dy. Engr.fixed in the G.L.referred to in para 2 above may be continued for one more year i.e. upto the 31-3-46. If the request is to be granted, the t.a.limit may be continued upto the 28-2-46, the date upto which the present sanction of the Sub-divn. extends.

Pl. read para 17 on p. 35 ante, para 3 on p. 42 ante, pp 111-115 ante, pages 137-154 ante + p. 165 ante

The proposal in para 4 of the foregoing P.W.D. note may be accepted.

2 As regards para 3 of the foregoing P.W.D. note, please see the ultimate para on page 35 ante. The limit of Rs 42-8-0 p.m. for t.a. of the overseers in the Sanitary Project Sub-division was the same as the normal limit on an overseer's t.a. as mentioned on page 183 of vol. II of the B.C.S. Rs. This limit of Rs 42-8-0 p.m. in the case of overseers, applicable generally, has been raised from time to time in accordance with the

(P.T.O.)

general increases in f.t.d.s etc and c.a.s At the case of the overseers in the Sanj Project Sub-division was not distinguished from other overseers in the P.W.D., it would appear forma facie appropriate that the overseers in this case should be granted t.a. limited to the same increased amount as in the case of the overseers who come under entry at (2) on page 183 of B.C.S.R. vol. II But from 'A' on page 165 ante, the nature of touring of these overseers appears to be different from that of an overseer in an ordinary sub-division. If so, there appears to be no objection to considering the question of the t.a. limit in their case on an ad

the basis after ascertaining the necessary facts and figures as proposed by the P.W.D. This was done in the case of Dy. Engr. in the Sang Project Sub-division (vide pages underlying

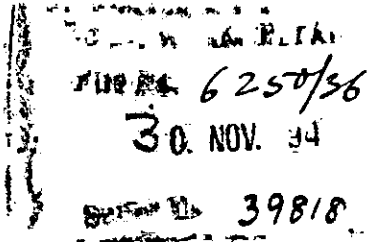
Eb II 30/11.

1 Shatt.



6258/36/39818.

E.B. (II).

The P.H.E. to Govt. requested that the S.a. of overseers, attached to the Sanitary Project Sub-Dn. should not be limited to Rs. 42-8[as] but raised should be raised to Rs. 100 p.m., as the jurisdiction of this sub-dn. extended throughout the Province.

@ This has now been revised in Rs. 51-12[as].

2. Before the request could be granted, the P.H.E. was asked to furnish a statement showing the S.a. that would be admissible to overseers if monthly limit was not imposed. From the statement furnished by the P.H.E., it will be seen that in seven cases the S.a. exceeds the limits imposed.

3. In the circumstances, it is for consideration (a) whether the request of the P.H.E. may be granted with retrospective effect, say 1st March 1944, so that overseers may not be out of their pockets in doing Govt. work or (b) whether it may be sanctioned from the date of orders. Similar concession has been granted to Dy. Engrs. in the Sanitary Project Sub-Dn. vide G.L. at p. ... ante.

It is also for consideration what S.a. may be fixed

4. Pl. see portion "A" at p. 177. It is not known under what authority the P.H.E. has paid some claims in full. He will be asked to settle the claims in the light of orders now proposed to be issued.

Submitted with reference to office note dated 19.5.45.

2. The P.W.D. now propose that the limit of t.a. in the case of overseers on the Sanitary Project S.D. should be increased to Rs.75 p.m. Pl. see the statement of monthly expenditure on t.a. for the period from March 1944 to Feby. 1945. The figs. do not seem to be uniform The proposed limit of Rs.75 p.m. may however be accepted subject to the following remarks.

3. The normal limit of Rs.42/8 p.m. is on t.a. + conveyance allowance. (This limit has been raised to Rs.48/12 p.m.) It seems however that the case of the overseers in the Sany. Project S.D. is peculiar in asmuch as they have to perform extensive touring in the whole of the province and they do not seem to be required to perform journeys in a limited area for which the c.a. is intended. vide portion A of the S.E.'s letter on p.165 ante. If so, it should be clearly indicated that the limit is for ordinary t.a. only and that the persons concerned should not be paid the c.a. ordinarily drawn by them.

4. The limit of Rs.75 p.m. may be shown as Rs.50/- p.m. plus Rs.25/- p.m. representing a 50 % temporary increase on the analogy of P.T.As. The temporary increase being withdrawn as soon as the general orders regarding temporary increase in P.T.As. are withdrawn.

Poona, 18th September 1945.

To,

The Chief Engineer and Secretary to Government,
Public Works Department,
Bombay.

Subject:-Transfer of overseers to the Public Health Branch.

Mr. V.S. Paranjape, overseer, has been transferred to the Public Health Branch since 17th July 1943 in accordance with Govt. letter No.6250/36-E dated 4th June 1943. Similarly Mr. S.N. Magikar, overseer has also been subsequently transferred to that Branch for the Water Supply works at Nasik. On enquiry, the Public Health Engineer to Govt. has informed me in his No.1740 dated 20th February 1945, copy sent to Govt., that these persons cannot be retransferred to this Circle as he is greatly in need of men. Under these circumstances, I would request you to issue orders of their permanent transfers to that Circle, so that I can fill up the vacancies, by making permanent officiating appointments.

Letter.

From

The Public Health Engineer to
the Government of Bombay, Poona.

To

The Secretary to Government,
Public Works Department, Bombay.

No. P.O.26/29/1832 of 1946. Poona, March, 16th 1946.

Subject:- T. A. to overseers attached to the Sanitary Project Sub-Division, Poona.

P.1832

Reference Government letter P.W.D.No.6250/36-E(II) dated the 9th February 1946.

2. The amounts of T. A. paid to some of the Overseers mentioned in the list submitted with my letter No. P.O.26/29-9241 dated the 29th November 1945 were passed by me in consideration of the expenditure they had actually incurred such as railway fares, mileage by road etc., admissible to their grades. It is therefore submitted for consideration whether such actual charges should be regularised in the light of Government letter under reference. It will be a great hardship if these subordinates who had to run in the interest of public work, with all their personal inconvenience and difficulties in travelling, are penalised.

P.1777

3. I hope Government would reconsider the question and waive the recovery of excess T.A. as a special case. A list showing the T.A.paid to overseers,attached to the Sanitary Project Subdivision, and which has now been objected to by Audit since the issue of Government orders, is herewith attached. The limit that is laid down by Government will be strictly followed for future. No overseer in the list has been in receipt of any C.A. for the period in question.

4. I regret I cannot point out any specific authority for admittance of the claims but have been passed looking into the merits of each case.

Enclo:- 1 list.

Submitted with refce. to G.L.No.6250/36-E(II), dated 9th Feb. 1946, and the notes underlying it.

2. The P.H.E. to Govt. stated that he had paid some t.a. claims in full in the case of some overseers as the journey was mostly by rail and the cost of which could not be disallowed. He was, therefore, requested to point out the authority under which he had paid t.a. claims in full even though they had exceeded the limits imposed on t.a. The P.H.E. states that he regrets that he cannot point out any specific authority for admittance of the claims in full.

3. The A.G.,Bombay, on receipt of G.L. quoted above, has objected to the payment of t.a. in full by the P.H.E. The P.H.E. Nanded requests that the recovery of excess t.a. may be waived as a spl. case. or, otherwise, it will be a great hardship to these Subts'., who performed these journeys in the interest of public work. From the statement forwarded by the P.H.E., it is not clear what exactly is the amount, for which recovery is to be waived. In the circumstances the draft put up may issue, if approved in the first instance.

Letter.

To

The Secretary to Government, P.W.D., Bombay.

No.PO-26-29/D/349 of 1946. Camp, April, 26 1946.

Subject:- T.A. to the Deputy Engineer i/c
Sanitary Project Sub-Division, Poona.

The orders issued in G.L., P.W.D.No.6250/36-E(I) dated the 25th September 1944 extending the limit of T.A. to Rs.200/- per month to the Sub-Divisional Officer incharg Sanitary Project Sub-Division were continued upto the 28th February 1946 under G.L., P.W.D. of even No. dated the 1st October 1945. As the circumstances under which the limit was raised still exist, I request Government to continue the orders for one year more i.e. from the 1st March 1946 to the 28th February 1947.

2. Early orders are solicited.
